

Miriam Tresa

“When life gives you an opportunity, take it. Even if you have to go alone, it will be worth it”

Impatient

Brave

Greedy

Motivations

- She wants to earn her place in the world and not live off her parents
- She wants to explore the world and meet all kinds of people

Frustrations

- She doesn't like to invest time in a task only for it to fail
- Sometimes people start speaking Portuguese around her, this makes her feel excluded
- Miriam had to enroll in some 2nd year classes (to match her original study plan) and this makes it harder to get a fixed work group

Profile

Miriam is a 21 year old Slovakian informatics student, currently in her 3rd year of a Bachelor's degree.

She has very affluent parents and has lived a somewhat linear stress-free life. She decided to do something out of her comfort zone by studying at FEUP as an Erasmus student.

Her parents have rented a 2 bedroom apartment for her and will let Miriam rent one or two rooms herself (and keep the money).
